

QUEENSLAND.

PUBLIC RALLY AGAINST PRIVATISATION

The Bligh Government has arrogantly proceeded with its privatisation plans despite over 80% of Queenslanders opposing the decision.

The government's original reason for the sell-off - to plug an alleged hole in the budget due to the Global Financial Crisis - just doesn't stack up anymore.

Come to the rally and help send a message to the State Government that you don't support its privatisation plans.
